Case Study: Online Examination System – Positive Test Scenarios and Test Cases

AIM:

To identify and prepare positive test scenarios and test cases for the Online Examination System to verify that all major functionalities, such as student login, exam access, answering questions, saving responses, submitting exams, and viewing published results, work correctly with valid inputs and meet the specified functional requirements.

1. Problem Description

An Online Examination System allows registered students to log in, view eligible exams, read instructions, answer questions, submit responses and view results when permitted.

2. Functional Requirements

1. Only registered and authorized students can access assigned exams.
2. Exam availability must follow configured dates and times.
3. Questions and answers must be saved according to system rules.
4. The timer and submission deadline must be enforced.
5. Each exam attempt must have a consistent submission status.
6. Students must not access another student's exam or result.
7. Results must be visible only when published and authorized.

3. Positive Test Cases

Positive testing verifies expected behavior using valid inputs.

Test Case ID	Test Scenario	Test Input / Action	Expected Result	Status
PT01	Login as registered student	Enter valid student credentials	Student dashboard displayed	Pass
PT02	View available exam	Open an exam assigned to the student	Exam name, date and duration displayed	Pass
PT03	Read exam instructions	Open instructions page	Instructions displayed before starting	Pass
PT04	Start exam within schedule	Click Start during the permitted time	Question paper opens	Pass

PT05	Answer a question	Select a valid option or enter a valid response	Answer is saved	Pass
PT06	Navigate between questions	Use Next and Previous controls	Correct questions are displayed	Pass
PT07	Save and resume	Save answers and resume within allowed time	Previously saved answers restored	Pass
PT08	Submit exam before deadline	Confirm submission with answers saved	Submission confirmation displayed	Pass
PT09	Auto-submit at time limit	Allow the exam timer to expire	Responses submitted according to exam rules	Pass
PT10	View published result	Open results after publication	Score and permitted feedback displayed	Pass

Conclusion

The positive test cases help verify that the Online Examination System meets its requirements and responds appropriately to the tested conditions.
